Puff your way into the joys of Prince Albert!

Go ahead, quick as you lay in a stock
of the national joy smoke! Fire up a
pipe or a makin's cigarette as though
you never did know what tobacco
bite and parch meant!

For Prince Albert is freed from bite
and parch by a patented process
controlled exclusively by us. You
can smoke it without a comeback
of any kind because P. A. is real
tobacco delight.

PRINCE ALBERT

the national joy smoke

will do for you what it
has done for thousands
of men, not only in the
States but all over the
world! It will give you
a correct idea of what a
pipe smoke or a home-
rolled cigarette should be.

Get this Prince Albert pipe-peace and makin's-peace message,
you men who have "retired" from pipe and cigarette-makin's pleasure; you men
who have never known its solace! Because you have a lot of smoke pleasure due
you quick as you pack-your-pipe or roll-a-cigarette with P. A.
and make fire!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

On the reverse side of this tidy
red tin you will read: "Process
Patented July 30th, 1907," which
has made three men smoke
pipes where one smoked before!

SAXON "SIX"

A big touring car for five people

The top place car
in its price class

Here is a finished example of the
modern quality car. It will meet
fully your ideals—in beauty, in
luxury, in comfort, in strength, in
power

It typifies—in every feature, in
every detail—the newest develop-
ments in fine automobile con-
struction. And the price—\$755—
a new price for a class car.

Here are
resistless attractions

If you seek the utmost in present-
day automobile value—then this
Saxon "Six" at \$755 will surely
win you.

It has lightness—gained through
costly materials and ablest de-
sign. So it is strong and rugged,
too.

It has power—of fluid smooth-
ness and flexibility. No car of
like price can compare—we be-
lieve—in acceleration and all-
round performance under all con-
ditions. And this Saxon "Six"
high-speed motor develops great

er power per gallon of gasoline.

It has beauty—unrivalled yacht-
line grace. Its finish is of superb
and lasting lustre. It has com-
fort—it is a big, roomy car.
All five passengers have ample
space. The wheel base is 112
inches.

It has operative economy. Saxon
"Six" high-speed motor saves
greatly in fuel cost. It has a
two-unit electric starting and
lighting system—silent, efficient,
reliable.

It has Timken axles, with full
Timken bearings throughout the
chassis. Even costly cars have
no better. It has helical bevel
driving gears. Thus the noise
and friction common to many cars
are eliminated in Saxon "Six."

It has linoleum covered alumi-
num bound running boards and
floor boards—and nearly a score
more of further refinements.
Come see this new series Saxon
"Six." You'll find it the top
place car of the times—at any-
where near its price.
